Dr. R. Raymound Green  
Heber City, Utah

Dear Dr. Green:

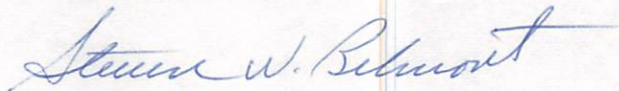

I thought this magazine might interest you; check page 56; there is a small article on tourist trains.

I have enclused seven of my favorite railroad photo's . I would like to donate these prints to the Wasatch Railroad Museum. I have written a brief history about the photo on the back of each print. The dates and locations are the best my memory can remember.

I would like to join your Railrod Museum group. Could you ask Mr. Edwards to please send me an application?

I am looking forward to the Heber City celebration of it's centennial and if there is anything I can do to help please don't hesitate to ask me.

Sincerely yours,

Steven W. Belmont
